

io-consultants provides integrated consulting, design and implementation services for the supply and value chain industry, with expertise in SAP, logistics, and production planning. Since our launch in 1958, we, as a lead consultant, have been helping our clients with a wide range of tasks; from developing ideas into actionable strategies, to implementing complex industry projects.

At io-consultants, our experienced specialists work in interdisciplinary teams. Together we create solutions and processes customized to the specific requirements of each client. We call it: United to perform! The results are reliable, productive, and efficient solutions that lead to measurable lasting successes.

With more than 350 employees, io-consultants is one of the leading technical consulting and planning companies in the industry. We deliver these services from eight different locations across the world. From our headquarters in Heidelberg (Germany), to Munich, Leonberg, Berlin, Singapore, Dubai, Hong Kong, and Bethlehem (PA, USA), io-consultants is a constant presence in the lead consulting industry around the world.

## Senior Consultant

We are looking for an experienced Senior Consultant to join our team in our Bethlehem, PA office. The Sr. Consultant will provide practical and interactive consulting assistance to our supply chain clients. The successful candidate will manage factory planning and distribution design projects in the automotive and consumer goods industries. They will manage the projects from analysis to implementation.

### Functions and Responsibilities
