

io-consultants provides integrated consulting, design and implementation services for the supply and value chain industry, with expertise in SAP, logistics, and production planning. Since our launch in 1958, we, as a lead consultant, have been helping our clients with a wide range of tasks; from developing ideas into actionable strategies, to implementing complex industry projects.

At io-consultants, our experienced specialists work in interdisciplinary teams. Together we create solutions and processes customized to the specific requirements of each client. We call it: United to perform! The results are reliable, productive, and efficient solutions that lead to measurable lasting successes.

With more than 350 employees, io-consultants is one of the leading technical consulting and planning companies in the industry. We deliver these services from eight different locations across the world. From our headquarters in Heidelberg (Germany), to Munich, Leonberg, Berlin, Singapore, Dubai, Hong Kong, and Bethlehem (PA, USA), io-consultants is a constant presence in the lead consulting industry around the world.

Senior SAP EWM Consultant

We are looking for an addition to our team in the Bethlehem, PA office. We have a need for an SAP Senior SAP EWM Consultant to support our growing customer base. You will have the opportunity to work with a variety of team members to deliver solutions that will increase the effectiveness and efficiency of our customers' operations, and help them grow their business.

Functions and Responsibilities

- Be part of challenging projects in process and IT consulting with focus on the automotive industry
- Develop innovative concepts and implement sophisticated consulting solutions in the field of Supply Chain Management
- Define detailed blueprint for development requirements
- Deploy process, quality and cost-optimized logistics concepts
- Create long term relationships with clients
- Identify and lead business development opportunities
- Achieve strong reputation as a business advisor
- Take over responsibility as (sub) project team leader

Requirements

- Bachelor's or Master's Degree from an accredited university
- 5 years of work experience in consulting or in the logistics industry
- 5 years of SAP EWM (Extended Warehouse Management)
- At least 4 full SAP EWM lifecycle implementations
- SAP certifications are a big plus
- S/4 HANA and MFS experience is preferred
- Profound SAP project and Go-Live experience (SAP implementation approach)
- Fluency in English (multi-lingual preferred)
- Analytical and structured working attitude
- Willingness to travel as needed
- Must have reliable mode of transportation and a clean driving record
- Visa sponsorships are not available for this position

Opportunities

At io-consultants we are offering you a challenging and exciting position within our team working to provide customized business solutions to our clients.
